THE FIRST CONFLICT.

In his speech before the Y. M.  
C. A. at Charlotte Sunday, Gov.  
Glenn, among other things made  
this statement to the young men:  
"There is coming in the old  
State a great conflict. I do not  
know whether it will be in 1906,  
1907 or 1908, but it will be between  
God and the devil, light against  
darkness, righteousness against  
wrong, the school house and  
church against the saloon, dis-  
tillery, brothel and gambling. If  
Christianity and the bar room can  
not continue to exist side by side  
and the saloon must go. It is high  
time that you were arousing your-  
self for the fight."—South Boston

REWARD OF SOBRIETY.

The immense value of sobriety  
in military and naval operations is  
probably the most striking lesson  
learned from the Russian-Japan  
war. Russia has labored under  
many disadvantages. "But it is  
doubtful whether there was any  
greater handicap to her than the  
drunkenness of her soldiers, all of  
her sailors and more particularly  
of her officers." Every foreign  
newspaper correspondent on the  
Russian side, even one whose sym-  
pathies are wholly Muscovite—  
Colonel Von Goedke—a foremost  
military writer of today, has drawn  
well nigh incredible pictures of the  
prevalence of this particular vice  
among the foes of Japan.

The English Secretary of State  
for War declared that the victories  
of Japan were largely due to  
sobriety.

FINALLY.

You must win the fight!

That is right, boys, there is sure-

is ripe, the hour is almost here!  
But where, oh where is our leader?  
The hidden forces of his heart  
have not been touched yet by the  
awakening hand of Almighty God.  
Hasten, dear Lord, touch the man.

Tortured by Savages.

"Speaking of the torture to which  
some of the savage tribes in the Philip-  
pines subject their captives, reminds me  
of the intense suffering I endured for  
three months from inflammation of the  
kidneys," says W. M. Sherman, of Cush-  
ing, Me.. "Nothing helped me until I  
tried Electric Bitters, three bottles of  
which completely cured me." Cures liver

Thoughts for Our Young People

Some years ago every young man  
was striving to enter the pro-  
fessions; now they are going into  
the world of business. The for-  
tunes of our country are in its busi-  
ness. The Goulds, Vanderbilts,  
Carnegies, Stewarts, and Armours  
are found in the counting houses,  
the factories, the packing houses.  
The wealth of your town, young  
reader, is in business; it is so in  
every town and city. The pro-  
fessions are overcrowded; business  
will never be so. The law does not  
offer such prizes as merchandising;  
medicine, not half the wealth of  
manufacturing; teaching, but a  
small return as compared with  
mining or finance. The professions  
require many years to insure even  
a living income; business pays  
from the start. But for business  
you must have a business educa-  
tion. Get then a business educa-  
tion, get the best, in the best  
school; in other words, attend the  
Tyler Commercial College, Tyler,  
Texas, where the famous Byrne  
systems are taught.

To Avoid Taking Cold.

A well-known physician says  
three important things to be ob-  
served if one would avoid taking  
cold.

First—Fresh air in sleeping  
rooms.

Second—Proper clothing.

Third—Warm, dry feet.

Too many persons are disposed  
in cold weather to seep with their  
windows closed or only slightly  
raised from the bottom. Fresh pure  
air is as necessary during the night  
as during the day. When two or  
more persons occupy the same  
room, unless the windows are open  
the air soon becomes vitiated and  
the blood is not sufficiently aerated.

Deafness Cannot be Cured

By local applications, as they cannot reach the  
diseased portion of the ear. There is only one  
way to cure deafness, and that is by constitu-  
tional remedies. Deafness is caused by an in-  
flamed condition of the mucous lining of the  
Eustachian Tube. When this tube is inflamed  
you have a rumbling sound or imperfect hear-  
ing, and when it is entirely closed, Deafness is  
the result, and unless the inflammation can be  
taken out and this tube restored to its normal  
condition, hearing will be destroyed forever.  
Nine cases out of ten are caused by Catarrh,  
which is nothing but an inflamed condition of  
the mucous surfaces.

We will give One Hundred Dollars for any  
case of Deafness (caused by catarrh) that can-  
not be cured by Hall's Catarrh Cure. Send for  
circulars, free.

An Easy Way.

The Rev. Dr. Adams of Maine is  
noted for his sentimentousness both  
in out of the pulpit. As he was  
coming down a Boston street one  
day a man asked him, "Sir, can  
you tell me how to find the sher-  
iff's office?" "Yes, sir," was the  
reply. "Every time you earn \$5  
spend \$0.," Saying this the doctor  
walked on leaving his questioner  
gaping on the sidewalk.—Pitts-  
burg Gazette.

One would think the Laxative idea  
in a cough syrup should have been ad-  
vanced long before it was. It seems the  
only rational remedy for coughs and  
colds would be to move the bowels and  
clean the mucous membranes of the  
throat and lungs at the same time. Ken-  
nedy's Laxative Honey and Tar does  
this. It is the Original Laxative Cough  
Syrup, the remedy for coughs, colds,  
croup, whooping cough, etc. Tastes  
good and harmless. Sold by The J. F.  
Crow Drug Co.

Oak Hill Bread.

Of all breads this is my favorite.  
Add two cupfuls of boiling water  
to one cupful of rolled oats and let  
stand one hour; add half a cupful  
of salt, one half of a yeast cake  
dissolved in half a cupful of luke-  
warm water, and four and one-half  
cupfuls of flour. Let rise, beat  
thoroughly, turn into buttered  
bread pans, let rise again and bake.  
By using half a cupful less of flour  
the dough is better suited for bis-  
cuits, but, being soft, is difficult to  
handle. To make the shaping of the  
biscuits easy, take up the mix-  
ture by spoonfuls, drop into a plate  
of flour and have the palms of the  
hands well covered with flour be-  
fore attempting to shape the dough.
